

**【MIRAIT ONE Corporation】  
Greenhouse Gas Emission Reduction Targets Acquire SBT  
Certification**

Major telecommunications construction company MIRAIT ONE Corporation (head office: Koto-ku, Tokyo; President and Chief Executive Officer: Toshiki Nakayama; “MIRAIT ONE”) created 2030 greenhouse gas emission reduction targets and received certification as SBTs (Science Based Targets)(\*1) by the international initiative SBTi.

MIRAIT ONE has established “Strong foundation for ESG management” aimed at realizing carbon neutrality in 2050 as part of the “MIRAIT ONE Group Vision 2030.” Greenhouse gas emission reduction targets were set as part of the initiative.

To achieve the targets, the company will actively engage in upgrading to EVs and HVs, introducing fuel additives and switching facilities to green electricity. In future, the company will accelerate measures aimed at realization of decarbonization through its business activities.

[MIRAIT ONE’s 2030 Greenhouse Gas Emission Reduction Targets]

Scope 1(*2) + Scope 2(*3) greenhouse gas emissions	42% reduction compared to FY 2020
Scope 3(*4) greenhouse gas emissions	25% reduction compared to FY 2020

\*1 Greenhouse gas reduction targets set by companies with a target year of 5 to 15 years in the future consistent with the level required under the Paris Agreement (limiting global warming to well-below 2°C above pre-industrial levels and pursuing efforts to limit warming to 1.5°C).

(From the Ministry of the Environment and Ministry of Economy, Trade and Industry Green Value Chain Platform)

\*2 Direct emissions of greenhouse gases by a business operator itself (fuel combustion, industrial processes)

\*3 Indirect emissions associated with the use of electricity, heat and steam supplied by other companies

\*4 Indirect emissions other than Scope 1 and Scope 2 (emissions by other parties related to the activities of

the business operator)
